

MASSACRE OF CHRISTIANS IS SULTAN'S THREAT

Still Defiant as the Allied Fleet Sails to Seize His Islands.

HIS ANSWER TO DEMAND

The Macedonian Complication Grows and Kaiser Is Now Anxious for Peace.

LONDON, Nov. 21.—The Foreign Office informed the Associated Press today that the Porte having refused to accede to the demands of the Powers the naval demonstration will proceed, the matter now being in the hands of the naval commanders.

PARIS, Nov. 21.—It is stated in official quarters here that the exchanges of communications between the Powers concerning Turkey's answer to their ultimatum have resulted in the practical determination not to consider the answer as postponing the naval demonstration, which will proceed without further delay.

It is understood that the warships of the Powers are already moving from Piræus. Their objective is not yet definitely stated, but the island of Mytilene still appears to be the objective applicable to the situation.

CONSTANTINOPLE, via Sofia, Bulgaria, Nov. 21.—The Porte's reply to the demands of the Powers is not only a categorical rejection of the demands but contains thinly veiled threats that the pressure of Europe will possibly excite the Turkish population to reprisals on the Christians.

The note declares that the Ottoman Government loyally introduced the reforms demanded by the Muezzing programme, and says that if these did not entirely succeed the fault was in the haired dividing the nationalities in Macedonia and instigation from abroad.

Threats by Sultan.

The communication states that the Turkish Government finds it absolutely impossible to accept financial control of Macedonia, as it would violate the Sultan's sovereignty.

After agreeing to the prolongation of the mandates of the foreign civil agents, the note concludes:

"If the Powers increase the pressure in order to compel the acceptance of the control scheme the Imperial Government declines all responsibility for the consequences which may arise from the discontent among the public."

The latter part of the note, implying the possibility of massacre, has created a bad impression in diplomatic circles, where it is regarded as being a deliberate attempt to create artificial public excitement against financial reforms with the object of intimidating Europe.

Land Fighting Also.

At the same time it is recognized that there is danger of trouble in Macedonia and that the Powers ought to have forces in readiness to act promptly at the first sign of an outbreak.

The foreign representatives are considering the question of increasing the number of their guardships here in order to protect citizens of their nationalities.

Baron Marschall von Bieberstein, the German Ambassador, has again urgently represented to the Palace authorities the advisability of accepting the Powers' demands and thus prevent disagreeable consequences.

MARSHALL FIELD IS LIKELY TO RECOVER.

Doctors Report Condition of Chicago Magnate's Son, Who Was Shot, as Decidedly Better.

CHICAGO, Nov. 21.—Marshall Field, Jr., was decidedly better this morning, and the chances for his recovery are considered much brighter. Dr. Bevan issued a bulletin at 9 A. M. today, saying:

"The general condition of Mr. Field is very favorable. His pulse is 88, and his temperature 102."

poets—said that the indignities to which the people had been suggested should be wiped out with blood.

"Following this, the relation asked that the tally sheets of the various polling places be produced in court. Mayor McClellan did not object. Nor did he object to the counting of the votes and the production of the tally sheets. His only desire was to get to the truth.

"Libel Upon 30,000 Men." More than one-third of the vote and protested ballots cast in Manhattan and the Bronx have been counted, and Mr. Hearst has gained thirteen votes. Previous to the count, counsel for Mr. Hearst maintained that more than 5,000 protested ballots would be found to have been cast for him.

"Mr. Richmond, if Justice Dickey decides that three votes upon which count have not been able to agree shall be counted for Hearst, he will not have lost a vote in that borough. The suggestion that the election was fraudulent is a libel upon 30,000 men of New York. Inspectors, Justice Dickey, Jerome, Hearst, and Republican members of the court, the count of the vote and protested ballots cast in the total in a wrong count.

SEVENTH AVENUE PROBE BRONX GRAFT

The Board of Estimate Votes \$240,000 for The Evening World's Project.

WANT A HUGHES TO PROBE BRONX GRAFT

Mass-Meeting Called at Which Evidence Will Be Submitted.

Through the efforts of The Evening World New York is to have another beautiful boulevard. The Board of Estimate and Apportionment today approved an appropriation of \$240,000 for the improvement of Seventh Avenue between One Hundred and Tenth and One Hundred and Fifty-third streets. The improvement will transform Seventh Avenue into a boulevard and parkway from the upper end of Central Park to the Harlem River.

Since the destruction of the old Boulevard—now called Broadway—by the contractors who built the Subway, there has been a crying need in the upper part of the city for a shaded drive-way and promenade. Seventh Avenue, wide and level, carried out the improvement of the city.

With the united support of the local board of improvements, the Harlem Aldermen, property-owners contiguous to Seventh Avenue, and thousands of drivers and riders in all parts of the city The Evening World took the project before the proper authorities. Landscape gardeners were employed to draw plans and measures were taken to show the change that would beautify what is now a commonplace, if promising avenue.

Rope of Breeches Buoy Broke as Passengers Were Being Brought Ashore.

HOLLAND, Mich., Nov. 21.—While the steamer Argo, from Chicago, is fast on a sand shoal near here and in danger of going to pieces, life savers are battling tremendous seas in an effort to save seven passengers and twenty-two men of the crew who are aboard.

There was every prospect of these persons being saved in the breeches buoy twenty-three others had been when the line of the buoy parted, leaving them helpless aboard the stranded vessel, which threatens to abate to pieces.

The Argo had a rough passage across Lake Michigan last night and a tremendous sea was running. When she arrived off Holland Light at 4 o'clock this morning a great sea struck her and buried her against the north pier, carrying a portion of it away.

The life savers failed to reach her in boats, owing to the great seas that swept her about a line across her decks and ran out the breeches buoy.

There were thirty passengers aboard, and when twenty-three of these had been rescued, the vessel was left with seven passengers and twenty-two men of the crew who are aboard.

Tell Why They Indorse Vinol So Highly.

THE WATCH COMPANIES FARLY CAUGHT.

Saturday, Nov. 25.

First: Vinol contains in a concentrated form all of the medicinal curative elements of cod liver oil, actually taken from this cod liver, but without a drop of oil or fat, and, up to the stomach and retained in the blood and in a natural manner. It is restored and strength is created.

Second: Because Vinol is not a patent of secret medicine; it contains no injurious drugs to react upon the system, and you know just what you are taking, as everything it contains is printed on the back label of every bottle.

Third: Because Vinol acts first upon the stomach, creates a healthy appetite, tones up the digestive organs, purifies and enriches the blood and in a natural manner. It is restored and strength is created.

Fourth: Since we first put Vinol on the market our admiration for it has steadily increased because it really disappoints a customer; in fact we can truthfully say we never sold a medicine more satisfactory to doctors, who where old people, weak, sickly women and children, nursing mothers and to build up strength after a severe illness.

Again Vinol is indorsed by eminent physicians and guaranteed by over two thousand doctors and druggists in every country. These are some of the reasons why we believe in Vinol.
